Media & IT  
Integration

# ONE specializes in Audio, Video, Information and Communication Technology.

In this field of expertise, we offer a substantial range of services; advisory and consultancy, project realization and technical support. Having these activities within one company, we can effectively gain and share our knowledge and experience.

ONE has authored the paradigm that a true design-integration company must focus on those elements of a project that ensure 100% satisfaction for clients, crew and shipyards.

The logo for ONE, featuring the letters 'ONE' in a bold, black, sans-serif font. The 'E' is stylized with three horizontal yellow bars of equal length, stacked vertically to the right of the 'N'.A diagram consisting of a single black line that starts from a central point below the 'ONE' logo and splits into two diagonal lines, one pointing down and to the left towards the 'ADVISORY' header, and one pointing down and to the right towards the 'REALIZATION' header.

## ADVISORY

**ONE-A** has a record of supporting end user clientele with advice and support in their interaction with industry integrators, architects, designers and yards. This includes new build specification development for shipyards and owner's representatives prior to the selection of the ultimate integration company.

## REALIZATION

**ONE-XP** is an "exclusive top-end system designer and integrator", accepting a limited number of projects based on company philosophy of only the highest end shipyard projects being in the portfolio. As a specialist "boutique"-integrator ONE-XP is able to keep focus on what really matters for the client.

# Vision and Strategy

ONE, and ONEXP, is an exclusive top-end system designer and integrator. Based on the companies philosophy of having only the most high-end shipyard projects in our portfolio, we accept just a limited number of projects at a time. This allows us to remain a specialist “boutique” integrator and keep our focus on what really matters for the client.

The practice of ONEXP is to provide sophisticated and practical services and systems to yards and clients in an expeditious and efficient manner.

By staying focused on top-end clients and yards, ONE strengthens the Brand promise, increase exclusivity and perform above expectations.

## Core Values

**Ownership** - Responsible, Pro-active, Common Goals, Dedicated

**No-Nonsense** - Practical, Realistic, Efficient

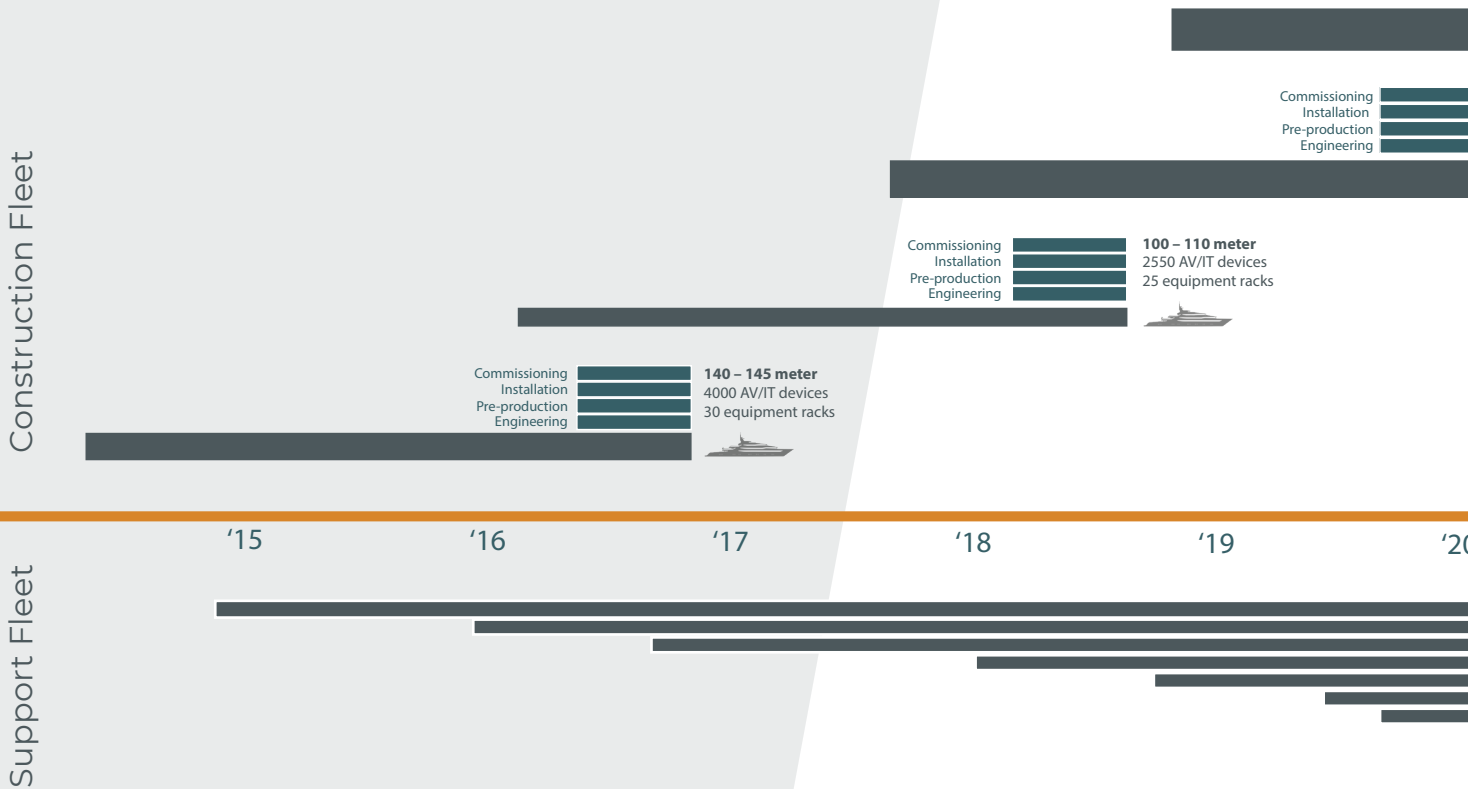

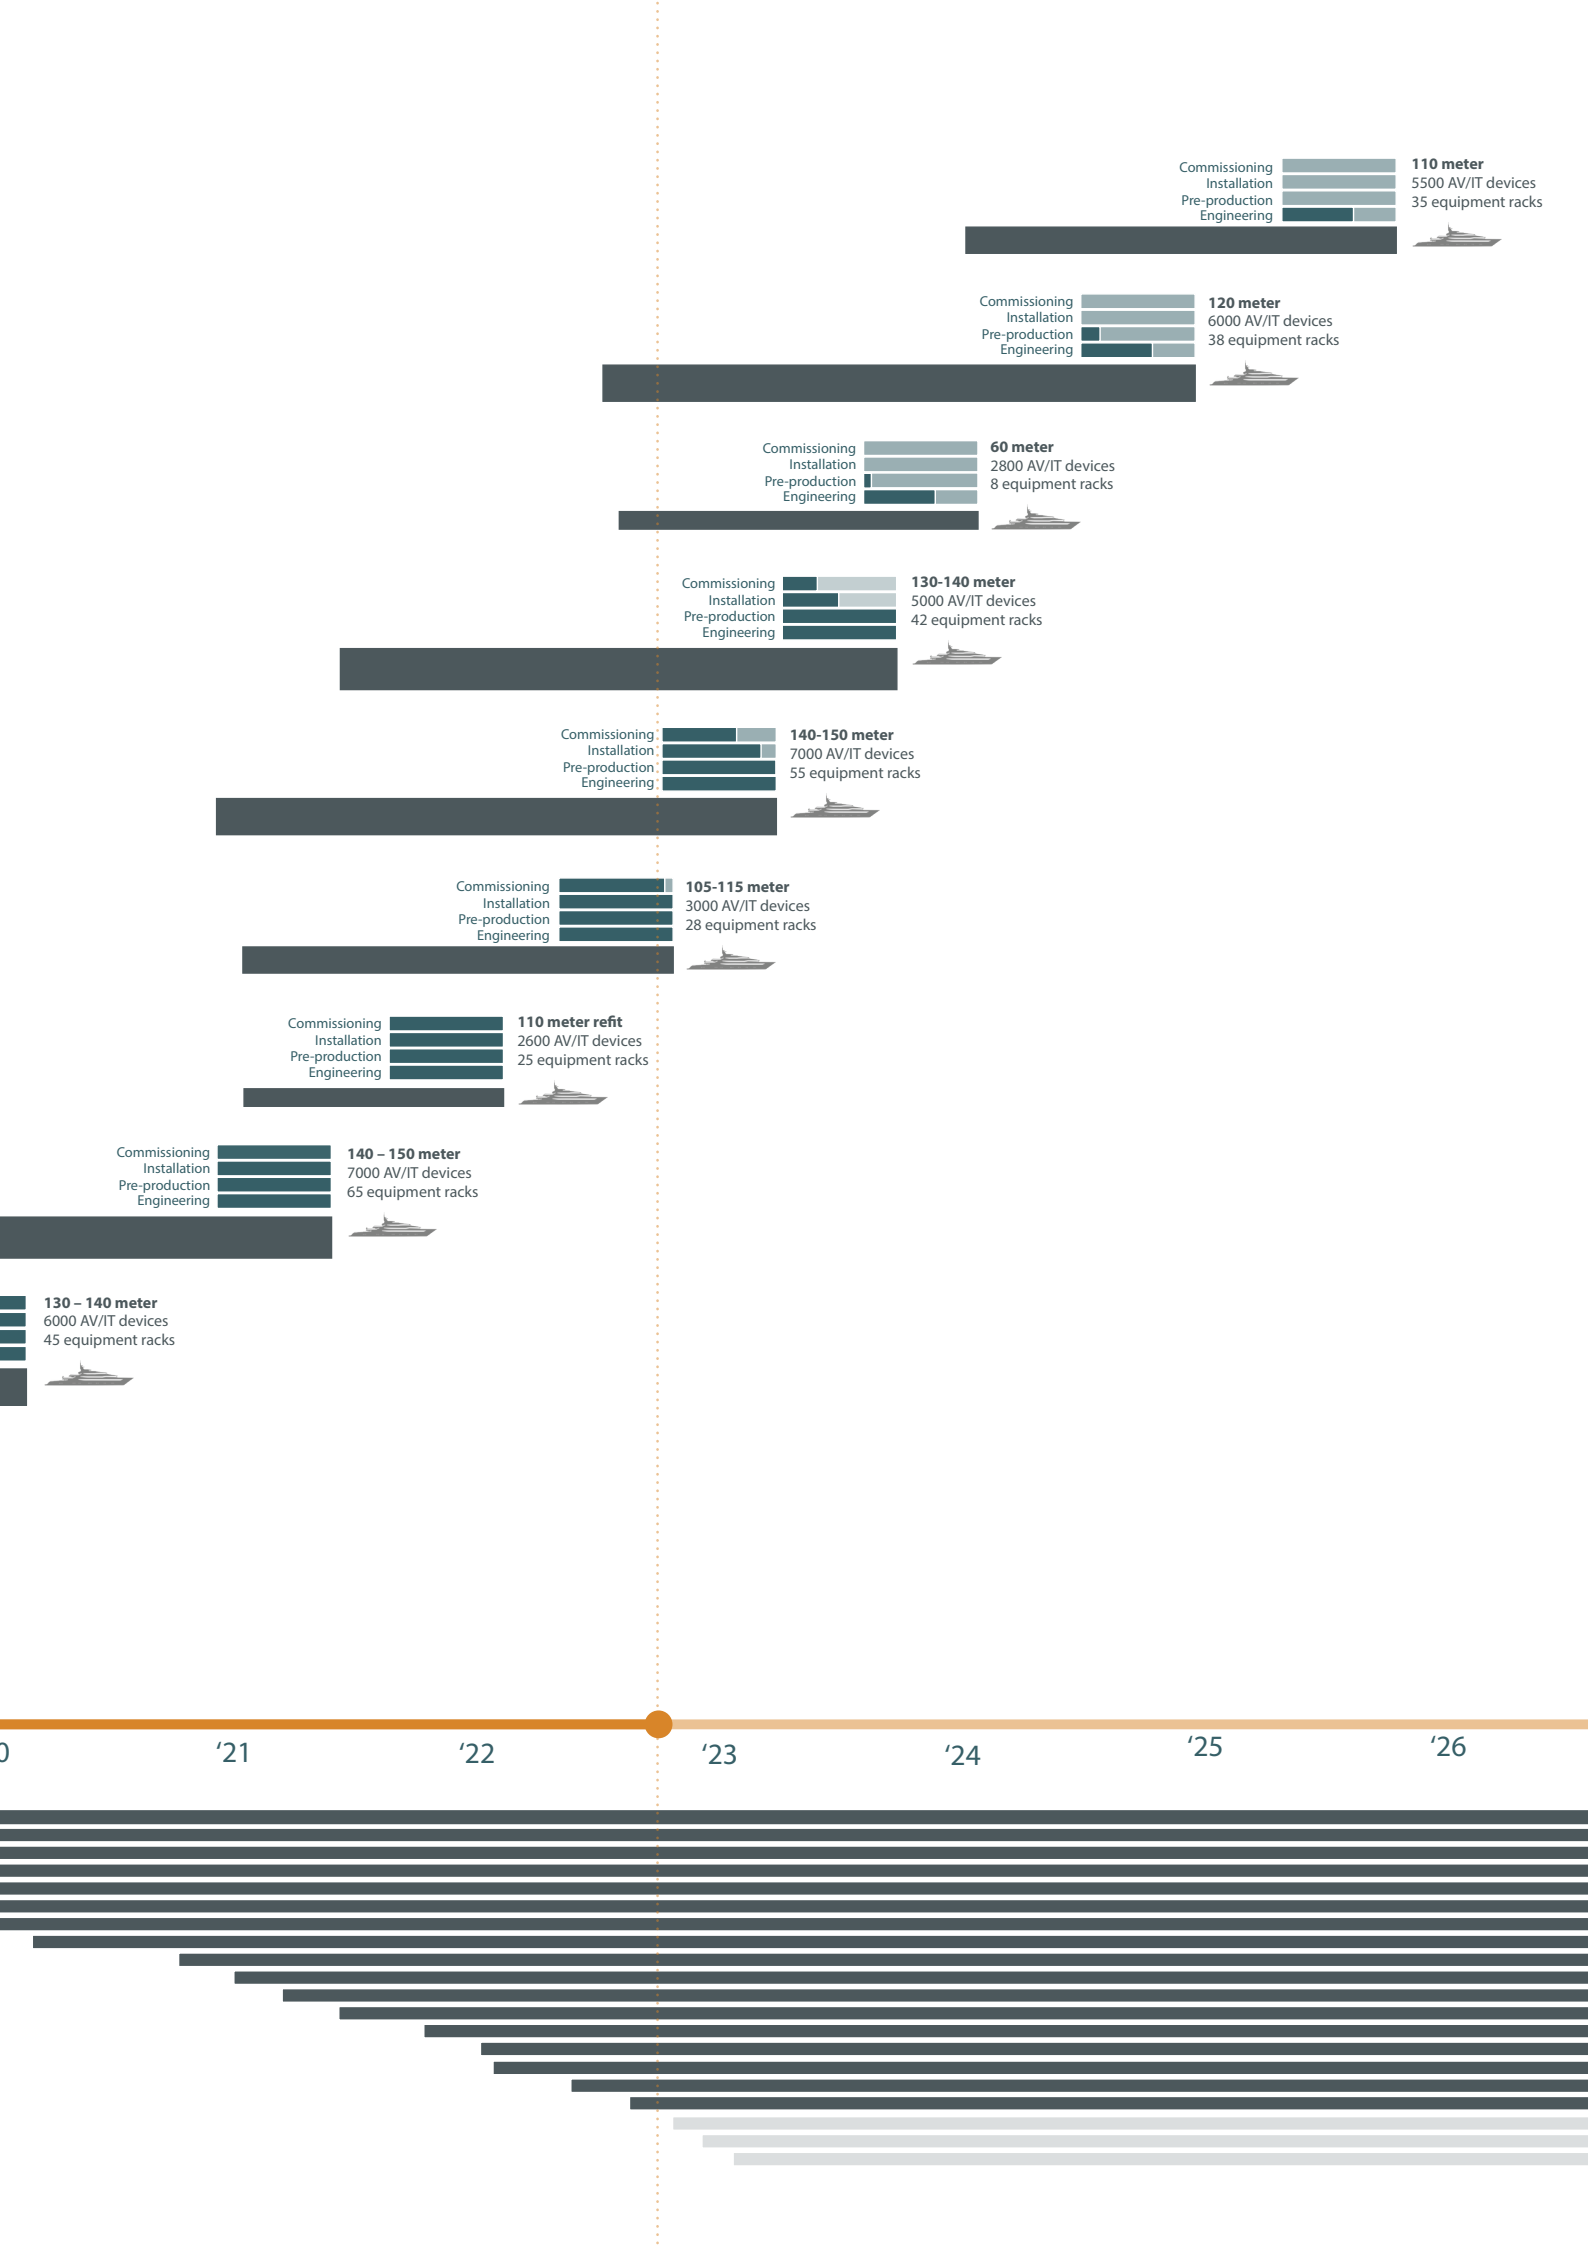

**Excellence** - Strive to be the best

# Company Status Overview

Perfectly in line with our company philosophy of being a specialist “boutique” integrator with focus on what matters for the client, this is where we are:

# Why ONE?

## **Innovation**

A whole new comfort level  
onboard

## **Efficiency**

On time, on budget, without  
surprises.

## **Team**

Experience, talent and  
professionalism

## **Boutique**

Boutique integration allows us  
to focus on what matters before,  
during and after construction.

# Your partner at each stage

## Concept

Utilising 20 years of experience, we translate all client expectations and demands into ***“a whole new comfort level on board”***.

## Design

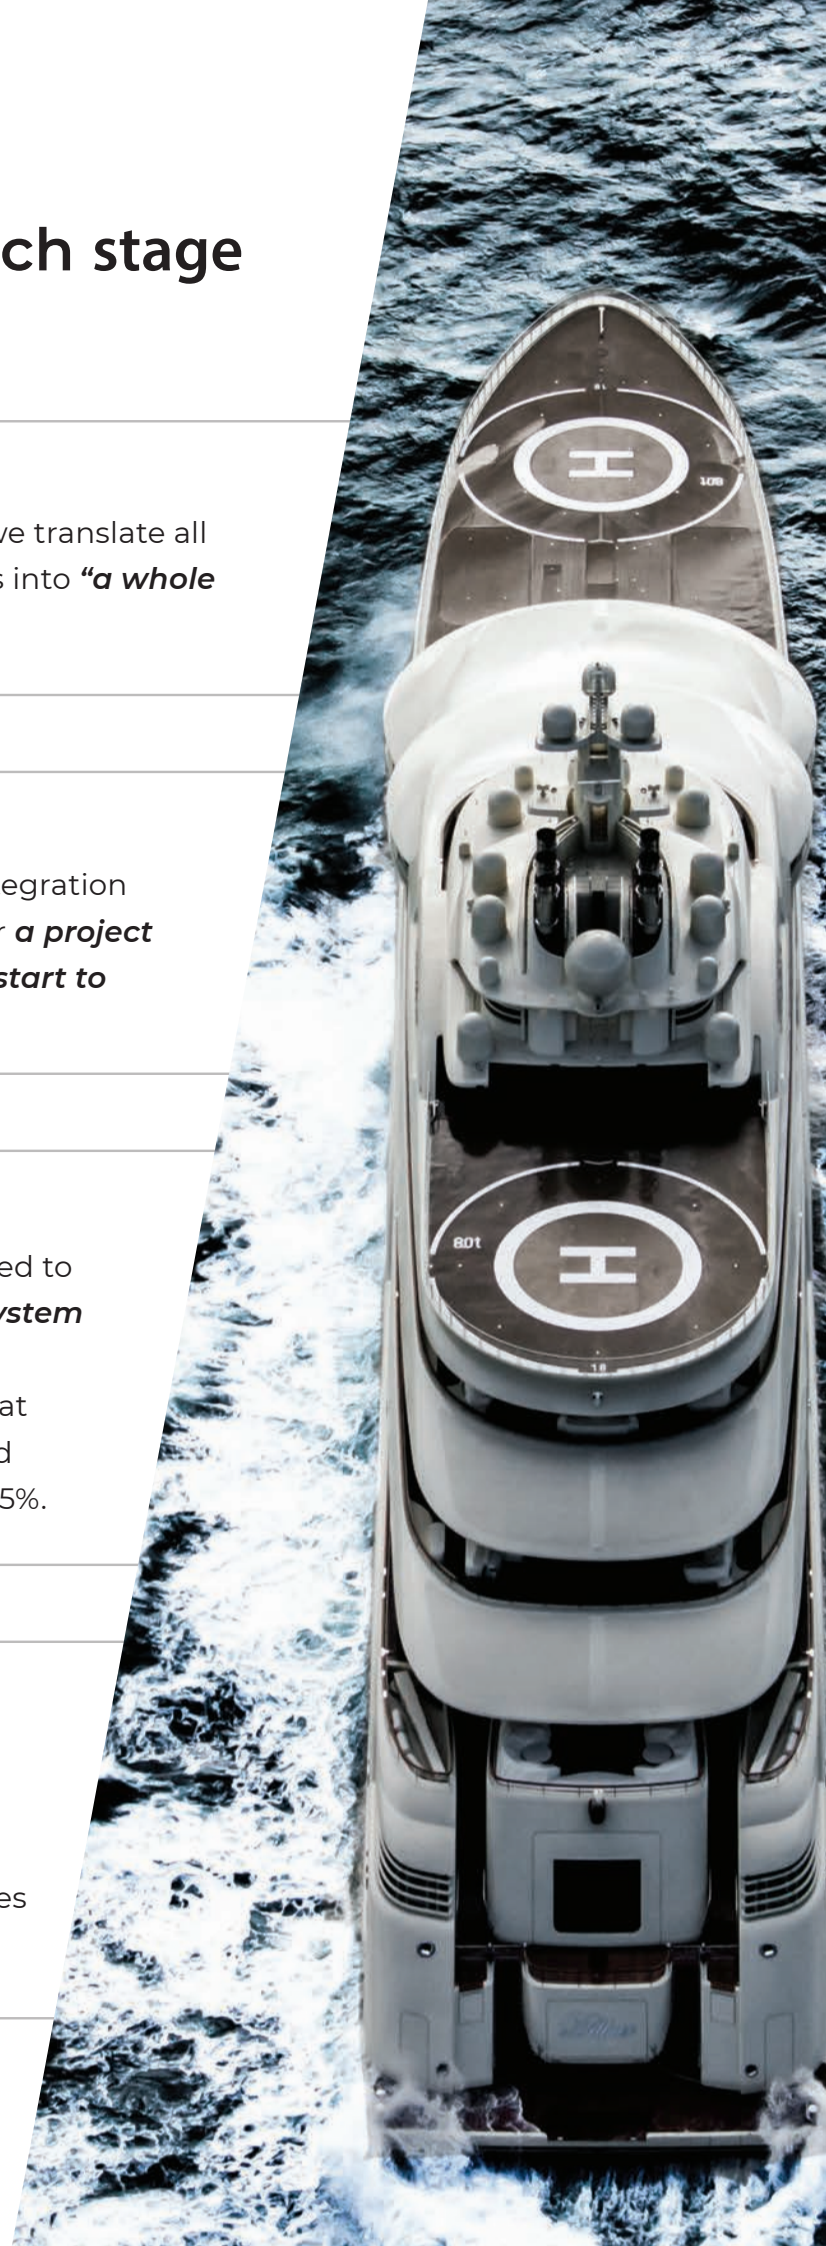

We combine engineering and integration expertise with all stakeholders for ***a project that progresses smoothly from start to finish.***

## Build

Our specialised team are dedicated to one goal. Delivering ***a working system on time, on budget and without surprises.*** We provide systems that are ready to go, reducing onboard commissioning time by at least 75%.

## Care

***Ultimate onboard comfort*** is safeguarded by flawless support. We are available 24/7 - providing preventive maintenance, upgrades and an on-site presence.
